Cleaner Spray S

Degreases and cleans all metals, glass, ceramics and most plastics

WEICON Cleaner Spray S removes oily and greasy contamination from all metals as well as from ceramics, glass and most plastics. However, it may attack the surface of thermoplastics such as PVC, Plexiglas, polystyrene and simple paint coatings. WEICON Cleaner Spray S evaporates quickly and, unlike conventional thinners, leaves no residue.

It can be used for cleaning and degreasing surfaces before priming and painting, for cleaning machine parts, or before applying other WEICON products to surfaces where a greasy substrate could impair their effectiveness.

Cleaner Spray S is also an excellent solution for degreasing electric motors and heavily used electronic equipment.

Technical data

Odour		orange
Colour		transparent
Specific properties		evaporates without residues
Silicone-free		yes
Chlorinated		no
Minimum shelf life	at room temperature	24 mon.
AOX-free		yes
Compatible with Double Nozzle		yes

Approvals / Guidelines

ISSA Code	53.402.01
IMPA Code	450801

Application

Spray in sufficient quantity onto the part to be treated and allow to react. If necessary, wipe off with a clean cloth. Repeat process as required. Avoid contact with plastic and varnished surfaces.

Storage

Container is pressurised. Protect from direct sunlight and temperatures above +50 °C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10000147 Cleaner Spray S, 500 ml, transparent
