Care and Protection

Hand Protective Foam

Waterproof and providing lasting protection

The skin is the largest and one of the most complicated organs in the human body, it has diverse adjustment and defense mechanisms and provides protection against environmental influences.

Bacteria, viruses and fungi can be found everywhere in the environment and also live on our skin. Most of them are harmless to us. Some of these microorganisms, however, can make us sick when entering our body. Skin damages are one of the many gateways for pathogens to the human body. Therefore, it is crucial to take care of and protect the skin.

One important element of effective skin protection is the special care with WEICON Hand Protective Foam, which protects your hands from harmful environmental influences for several hours.

WEICON Hand Protective Foam provides temporary protection against aggressive sea and industrial environments, chemicals, solvents, alkalis, acids, salts, cleaning agents, oils, greases, cement, mortar, varnishes, adhesives or longer contact with aqueous media. However, the foam does not replace a conventional protective glove.

The Hand Protective Foam does not block skin respiration, does not dry out the skin and protects it against swelling, irritations, inflammations and adhering dirt. That way, the Hand Protective Foam supports the skin in providing a natural protective barrier.

Technical data

Odour		odourless
Colour		white
Specific properties		with liposomes, dermatologically tested
Silicone-free		yes
Minimum shelf life	at room temperature	24 mon.
Compatible with Double Nozzle		no

Approvals / Guidelines

ISSA Code	53.402.16
IMPA Code	450836

Application

Before starting to work, spray the foam onto the hands and rub it in, not omitting the finger tips and nail beds. Leave it on for 2 minutes until it forms a waterproof and invisible protective film free of grease. It prevents residues of lubricants and soiling of the most different kinds from penetrating skin and pores. After work, the dirt can be washed off very easily with warm water. Only in cases of heavy soiling, use additional cleaning agents.

Storage

Container is pressurised. Protect from direct sunlight and temperatures above +50 °C.

Instructions for use

When using WEICON products, the physical, safety-related, toxicological and ecological data and regulations in our EC safety data sheets (www.weicon.com) must be observed.

Available sizes

10021320 Hand Protective Foam, 250 ml, white
